Future enhancements may include:

- Enhanced search capabilities
  - Bulk import/export functionality
  - API integration for external data sources
  - Mobile application support
  - Enhanced reporting dashboard
  - Advanced data visualization
  - Improved security features
  - Multi-factor authentication
  - Cloud backup integration
- 

## How to Use This Changelog

### For Administrators

Check this file regularly for:

- New features and capabilities
- Bug fixes and security updates
- Breaking changes that may affect workflows
- Upgrade instructions

### For Developers

Use this changelog to:

- Track feature development
  - Document bug fixes
  - Record breaking changes
  - Plan version releases
- 

## Contributing to the Changelog

When making changes to the project:

1. Document all notable changes
  2. Categorize changes appropriately:
    - **Added** for new features
    - **Changed** for changes in existing functionality
    - **Deprecated** for soon-to-be removed features
    - **Removed** for removed features
    - **Fixed** for bug fixes
    - **Security** for vulnerability fixes
  3. Include the date of release
  4. Reference issue/ticket numbers when applicable
- 

**Last Updated:** May 25, 2026

**Maintained By:** James A. Wilson

**County Coordinator:** Suzie Henderson ([txfannin@gmail.com](mailto:txfannin@gmail.com))
